

## Upgrade How You Watch TV!

## Watch Local Stations, National Networks, & Premium Channels on almost any device!

**SwyftTV is a streaming video alternative to Swyft's legacy cable packages.**

Much like traditional cable or satellite services, SwyftTV features the user's LOCAL STATIONS by default, along with optional tiers that provide the most popular National Networks and Premium Channels. Unlike legacy cable services, SwyftTV is an **app-based** platform that can be accessed on Smart TVs, tablets, mobile devices, and also TVs with an HDMI port for a streaming player.

Since you can install SwyftTV on up to 5 devices, the monthly costs of extra cable boxes and DVRs can be eliminated. The average home could save \$100 per year!\*

### Features of SwyftTV

- Unlimited Bandwidth & Endless Streaming
- Free Roku Express 4k+ streaming player w/ remote
- Watch on TVs, tablets, & mobile devices
- Choice of 4 channel lineups
- Local stations included with subscription
- Easy to install and configure
- No annual contracts
